TU **TIFFIN UNIVERSITY**

A Word from our President

On behalf of the faculty and staff, it is my pleasure to welcome you to Tiffin University. Our motto, “SINE AUDACIA NULLUM PRAEMIUM” – translated as: “without risk, there is no gain” is the motivator for all that we do. Our Guiding Principles contains our seal in which our motto is written and this document serves as the framework for why and how we live by our motto. It clearly states our *Purpose, Mission and Vision*; our strategic priorities, and most importantly our ICARE Values. This set of principles (created in 2016 by university stakeholders) guides what we do each and every day at Tiffin University. We hope you embrace our *Guiding Principles* as much as we do!

Tiffin University offers a comprehensive college experience both in and outside of the classroom. Tiffin students learn from faculty who are experts in their fields. Tiffin faculty members serve as mentors and advisers and help students select the most effective classes of study. They also provide internship opportunities and careers with national and global industry partners, federal agencies, corporations and entrepreneurial companies.

Students of Tiffin University are encouraged to make powerful, life-long connections as they engage with a diverse population of students from across the United States and the globe. Today, there are over 200 international students studying on-campus at TU, representing more than 35 countries. Tiffin is proud of its growing diversity as it provides a unique opportunity for International and American students to share a heritage that goes beyond the classroom. Diversity is celebrated throughout campus and the community through food, arts and entertainment during the academic year.

In the classroom, academic achievement is paramount. Tiffin University believes a college degree is earned – not rewarded. We also believe in linking theory to practice as much as possible by offering opportunities for experiential learning. As a student of Tiffin University, we will expect more from you and you will learn to expect more from yourself.

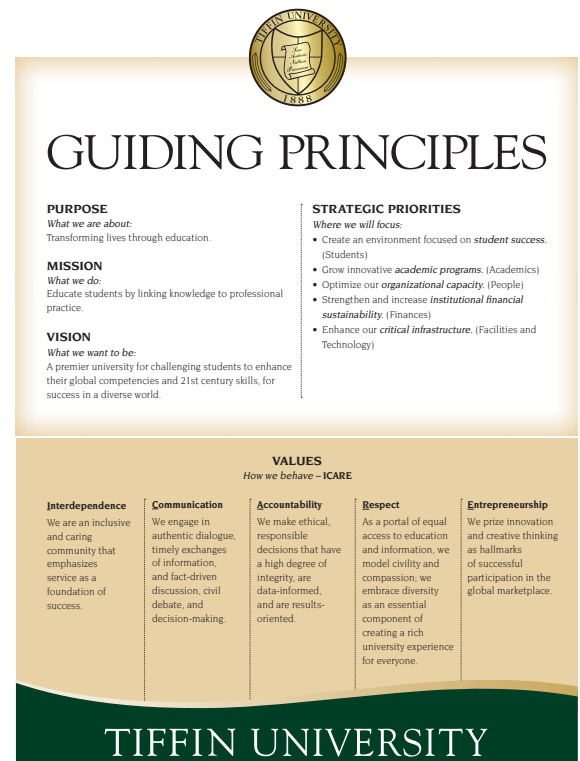

Striving for education—for improvement of your mind—should not be an uncharted journey toward any definite goal, but a gratifying and fortifying broadening of one’s consciousness, and an enrichment of one’s possibilities of life and happiness.

As TU’s sixth President, I am proud to be sharing our Tiffin University Fact Book with you. It is an honor to lead our very exceptional institution of higher learning, and I thank you for your interest in Tiffin University.

A student with a red backpack is walking up a set of wide stone steps. The student is wearing a black t-shirt, black pants, and white sneakers. To the left of the steps is a brick wall with a plaque that reads "TIFIN UNIVERSITY". In the background is a large brick building with many windows. There are green trees and bushes around the building. A large yellow diagonal shape covers the top half of the image, and the word "ADMISSIONS" is written in white capital letters on this shape.
