BUILDING A LEGACY: **The Story of Tiffin University's Transformation**

Join us for a rare and inspiring session of LIFE@TU as we welcome back President Emeritus Dr. George Kidd. During his tenure, Dr. Kidd led Tiffin University through one of the most pivotal chapters in its history – building the campus and laying the foundation for the thriving institution it is today.

In this bonus session, Dr. Kidd will share firsthand accounts of the challenges he faced, the bold decisions that shaped TU's future and the extraordinary people who helped make it all possible. Whether you're a lifelong supporter or new to the TU story, this is a powerful opportunity to hear how vision, perseverance and community came together to build a university.
