TIFFIN UNIVERSITY

A Word from our President

On behalf of the faculty and staff, it is my pleasure to welcome you to Tiffin University. Our motto, Sine Audacia Nullum Praemium - "Without Risk, There Is No Gain" - inspires everything we do. Our Guiding Principles, which feature our University seal and motto, serve as the foundation for how we live out our Purpose, Mission and Vision while advancing our strategic priorities and embracing our ICARE Values. Developed collaboratively by members of the University community, these principles guide our decisions and actions each day. We hope you will embrace our Guiding Principles as enthusiastically as we do.

Tiffin University offers a comprehensive college experience both inside and outside the classroom. Our students learn from accomplished faculty who are experts in their fields and who serve as mentors and advisers throughout each student's academic journey. They help students chart meaningful paths of study while connecting them with fellowships, internships and other career opportunities through national and global industry partners, federal agencies, corporations and entrepreneurial organizations.

Students at Tiffin University are encouraged to build meaningful, lifelong connections as they engage with classmates from across the United States and around the world. With more than 200 international students representing over 35 countries, TU offers a vibrant, globally connected campus experience that extends well beyond the classroom. Through our Center for Intercultural Excellence, we foster an inclusive environment where students learn from one another's perspectives, cultures and experiences. Throughout the academic year, the Center enriches campus life through cultural celebrations, educational programs, global cuisine, artistic performances and community events that promote understanding, respect and intercultural engagement.

In the classroom, academic achievement is paramount. Tiffin University believes a college degree is earned- not rewarded. We also believe in connecting theory with practice by providing meaningful opportunities for experiential learning. Our approach is grounded in a simple belief: education is not merely about information- it is about formation. Through mentorship, hands-on learning, leadership opportunities and personal growth, we prepare students not only for successful careers, but for lives of purpose and impact. As a student at Tiffin University, we will expect more from you, and you will learn to expect more from yourself. Striving for education - for the continual improvement of your mind - should not be viewed as merely reaching a destination, but as a rewarding journey that broadens your perspective, enriches your experiences, and prepares you to lead with confidence, character and courage.

As TU's sixth president, I am proud to share the Tiffin University Fact Book with you. It is an honor to lead this exceptional institution of higher learning, where innovation, opportunity, and personal transformation come together to shape tomorrow's leaders. Thank you for your interest in Tiffin University. We look forward to welcoming you to the Dragon Family and supporting you as you pursue your goals, discover your potential and create a future without limits.

Dr. Lillian Schumacher
President
